Now as winter is approaching, parties should make all the changes they purpose making to serve them through the coming cold days. Water pipes in exposed places should be re-set in order to guard against the endless trouble of having supplies cut off by Jack Frost. For all work of this character we know of no firm more worthy of patronage than that of T. T. Ewen's, Wood street. He is a practical plumber and mechanic, and gives his supervision to all work entrusted to him. Orders from the country promptly attended to, if left at the store, No. 155 Wood street.

So general a collection of the best authors, on all subjects, is seldom ebmraced in one catalogue. The Books are now on public view, and catalogues ready at the Austion Rooms.

Have a Good Square Meal.

Our readers should not fail calling at the popular Continental Saloon, next door to the Postoffice, in the basement, on Fifth street, for a dinner or a meal fit for a king. Mr. Holtzheimer, the proprietor, has long enjoyed a high reputation in his business, and having established a first class line of custom, he endeavors to sustain his reputation by giving strict and careful attention to his business. This is, without exception, the best managed saloon or dining room in Pittsburgh.

If There are Any

Of our readers who have any doubt as to where to get the best Patent Medicines, we would suggest that they walk around to Fleming's Drug Store, No. 84 Market Street, and look at his well filled store. Fleming does a big business, changes his stock every few weeks, so that you always get a fresh article, (*no small item*,) and his prices are lower than at other establishments. Give him a call.

It is Really Astonishing.

To one having an observing and scrutinizing eye, to see the perfection that our city ladies have arrived at in beautiful Wrap. The matter is easily accounted for when we consider and ponder the matter over, and know that the Pittsburgh Cloak and Mantilla Store has the credit for the most stylish promenade garments west of New York.

A Change in Photography.

The time has been, when, if a person desired a first class photograph—one he wished to preserve through the fitful changes of years, the thought it imperatively necessary to visit the Quaker or Empire City, where those who had acquired a high reputation as artists were only to be found. This necessity, if it ever existed as such, has become a matter of the past, since B. L. H. Dabbs has located in our city. This gentleman's pictures not only come fully up to the Eastern standard of excellence, but in many respects exceed in finish and brilliancy of coloring the best works of Brady. This is no idle boast, as those who have visited Dabbs' exhibition rooms, No. 26 St. Clair street, can conscientiously attest the verity of our statement. For a picture that brings out all the expression of the subject, be it animate or inanimate, and may truthfully be called a likeness, you must go to this establishment.

Secretary McCulloch's Report on the National Finances.

Washington City, November 2?, 1866.—The forthcoming report of the Secretary of the Treasury on the national finances has been completed and printed for distribution to the country on the day of its presentation to Congress. The views which it will present will not be news in so far as a line of financial policy will be laid down, yet the *resume* of facts and figures will show the national financial situation to be in a much more flattering condition than at the opening of the First Session of the Thirty-ninth Congress, or the close of the fiscal year, on June 30, 1865. The coming report will show that the fiscal year ending June 30, 1866, was one of great prosperity. The balance of the Treasury on that day stood as follows:

Cash on hand June 30, 1865	$858,309 15
Cash on hand June 30, 1866	130,669,815 19
Net gain	$129,811,506 04

The gold on hand was not estimated value, or else the balance would have exceeded $150,000,000. The receipts and expenditures for the years 1865-'66—the fiscal year ending June 30, '66 are as follows:

RECEIPTS.

From Customs, in gold	$179,946,630 64
From Public Bonds	665,031 63
From Direct Tax	1,974,754 12
From Internal Revenue	309,226,812 81
Miscellaneous sources	65,125,966 46
Total receipts from all sources	$556,039,195 96

This revenue, it is believed, exceeds in amount that of any other nation on the globe for the same period.

EXPENDITURES.

Civil, Foreign, and Miscellaneous	$41,049 965 96
Pensions and Indians	16,253,300 44
War	284,449,701 82
Navy	43,519,632 21
Interest	133,074,737 27
Total	$518,347,337 70
Total Receipts	556,039,195 66
Total Expenditures	518,347,337 70
Excess of Receipts	$37,691,857 36

This excess of receipts all occurred during the last few months of the fiscal year and is not a fair criterion of the ability of the government to liquidate its debt. For instance, the war expenses for the quarter ending September 30, 1865, were $165,000,000; but during the quarter ending June 30, 1866, they were but $12,000,000. The balance in the Treasury on June 30, 1865, was but $858,309.15. The year ending December 31, 1865, showed a *deficiency* in the Treasury of $619,000,000. But six months from the time (June 30, 1865), there was an *excess* of receipts over expenditures of nearly $37,000,000. The estimates of the War Department for expenditures for the coming fiscal year would be nearly $240,000,000 less than for 1865, were it not for the Equalizing Bounty bill, passed at the last session.

But the revenue from all sources for the next fiscal year is estimated by the Secretary in the neighborhood of $600,000. The full expenditure for the next fiscal year is estimated within $350,000,000, including interest on the matured debt, and a fair sum over for a sinking fund.

The Secretary's report will also state that under the law of Congress the Treasury has withdrawn from circulation during the past six months the limit of ten millions of dollars of paper money. The total amount of United States legal-tender notes in circulation is therefore $386,000,000.

The most important and gratifying fact of the report will be in the reduction of the public debt. *It will be shown that the public debt has been reduced during the past twelve months nearly two hundred millions of dollars!* The actual figures of the reduction are $195,637,721.

Seven millions of compound interest notes (legal tenders for their face have been cancelled, and the temporary loans reduced nine millions.

The full amount of currency authorized for national banks has been issued, which, with the United States notes, gives a circulating medium of nearly $700,000,000, not including the fractional currency. On the 1st of last November, the total, including the fractional currency, amounted to $734,218,038 20, and $94,000,000 of authorized national bank notes remained unissued.

The Secretary of the Treasury will not present in this report what may be called strictly a new plan for returning to specie payments. He has changed none of the views which he maintained in his last report, and which were enunciated in the Fort Wayne speech. He believes that the Secretary of the Treasury should have power to control the currency to the extent of being authorized, at his discretion, to sell bonds bearing interest not exceeding six per cent., and redeemable and payable at such periods as may be conducive to the interests of the government, for the purpose of retiring *all United States notes*. He will ask Congress to authorize a long five per cent. bond, it be exempt from taxation, in which to fund the obligations that are soon to mature. He will lay great stress on the question of urging Congress to adopt at an early day *a fixed policy of contraction*, which, when adopted, will cause the business of the county to gravitate to it, so that specie payments may be reached without a great diminution in the revenues, or a wide spread financial panic. He does not propose to state any definite time for the resumption of specie payments, but believes that with a proper system it can be attained with the retirement of over two hundred millions of United States notes.

It will be shown (by the figures above given) by the Secretary, that the government is on the high road of prosperity in reducing the national debt, and the Treasury will cling to the simple and experienced policy of liquidating the debt by keeping the national revenue above the national expenditures. To this end, a draft of a bill prepared by Mr. Wells, the Special Revenue Commissioner, will be submitted with the report (or at some future day) proposing an equalization in internal taxation and a modification of the existing tariff. Important reference will also be made to the raw cotton tax of three cents per pound, imposed last session.

In 1867 and 1868, $330,000,000 of 7 3-10 notes fall due. A large amount of the first series are now being funded in 5-20 bonds.

Improvements in the national banking system will be suggested and urged.

FROM WOSHINGTON,

Unionists Planning Gov. Swann's Defeat in the Maryland Senatorial Contest—The Coming Welcome to Congress—Breckenridge Wants a Pardon—The French to Quit Mexico—Bids for Soldiers' Grave Headstones—New Postal Arrangements.

Washington, Nov. 30.—The Maryland Unionists are now planning how they may defeat Governor Swann's election to the United States Senate, Vice Creswell, whose term soon expires. They confidently assert that there are enough of original rebels elected to the Legislature old and bitter enemies of Swann to aid the senior members in securing his defeat. It now looks as if they may be successful. Several of the Union members have declared that they will vote for an out-and-out Confederate, rather than allow Swann to be chosen. The latter has had another interview with the President who has promised him all his official familiars and support in securing the Senatorship.

Extensive preparations for a mass welcome to Congress are being pushed forward, and a most imposing demonstration is anticipated. The Committee of Southern Unionists are to take an active part in it.

John C. Breckinridge is petitioning for a pardon. He claims that the general terms of surrender accorded to Lee and Johnston, included him.

A private letter from London states that Secretary Seward's dispatch to Sir Frederick Bruce in regard to the Fenian prisoners, has awakened a belligerent feeling in Tory circles.

The Marquis de Montholon, the French Minister, has received no cable dispatch, as was reported this morning. He received, however, by steamer, information that twenty vessels were under orders for transporting French troops from Mexico. These vessels were to sail in two divisions, of ten each, and the Marquis has no doubt whatever that by the middle of January the last of the French army will have left Mexico. In view of these facts, he thinks strange of the persistency with which the American press insists upon a complication of national questions with France and assail the good faith of the Emperor.

The Marquis paid a visit to the State Department to-day, and there had the pleasure of meeting Senor Romero, the Mexican Minister, who was just leaving the Secretary's office. The recognition was mutual and cordial.

The expense of the carpets necessitated in fitting new State Department exceeds ten thousand dollars. The building is very handsomely carpeted throughout.

The President to-day appointed Thomas E. Hayden U. S. Attorney for Nevada.

Speaker Colfax arrived here to-day, and has taken up his quarters at his former residence, Fourteen-and-a-half street.

The receipts from internal revenue yesterday and to-day, amount to $1,450,907.

The banquet, which concludes the mass welcome to the Republican members of Congress, takes place on Monday evening. Judge Carter, of our Supreme Court, will, it is understood, make the address of welcome.

During the present year there have been 288 resignations of Clerks in the Treasury Department, mostly on account of the inadequacy of their compensation. A very strong effort will be made at the next session of Congress to get the pay of these employees of the Government increased.

Bids for furnishing several hundred thousand head blocks for soldiers graves were opened at the office of the Quartermaster General this afternoon. A large number of bids were put in. Representatives from every section of the country were present on the occasion.

The annual supper of the St. Andrew Society, of this city, took place at Amans restaurant, on Ninth street, this evening. Most of the Scotch residents of this city belong to this society. The supper was well attended, and the Canny Scots kept up their festivities until a late hour.

The statement which is being generally published purporting to be an abstract of the report of the Secretary of the Treasury, is made up, mainly from official statements heretofore published, and so far as it is confined to these is doubtless, in the main, correct. Other portions of the statement, however, are mere speculation, and generally grossly incorrect.

The estimated receipts of revenue for the next fiscal year instead of being $600,000,000 as stated, are really less than $450,000,000. The Secretary will not recommend the issue of the long five per cent. bonds as stated, and will indicate the time at which, in his judgment, the resumption of specie payments can be safely effected. It is his opinion that this may be done in eighteen months, but he hopes the circumstances of the country will be such as to warrant a resumption at an earlier date.

At a meeting of the stockholders of the Orange & Alexandria Railroad, held in Alexandria last evening, Solon S. Barber was elected to the Presidency. Over eleven thousand shares were represented, and the road was reported to be in a flourishing condition.

The Post Office Department has agreed on the preliminary cases for a postal treaty with Great Britain. The articles remain to be formally executed, and the time fixed for its operation. It is expected that the treaty will be in full force by or before January, 1868, at which time the present postal treaty between the United States and Great Britain expires.

Holiday Presents.

The season for making presents to friends and relatives is fast approaching, and doubtless ere this many generous hearts have been sorely perplexed to know what will prove best to purchase as presents, and where they can buy to good advantage. A newspaper is generally recognized as a great source for obtaining information, and we will venture to obtrude our advice upon the subject. There is nothing more acceptable by recipients than elegant or chaste jewelry, if it is of the genuine quality, because it lasts long, and being constantly worn always reminds the receiver of the giver. Of course where there are so many articles in the line of jewelry it is a difficult matter to select, but let the reader visit a palatial sales-room like that of Dunseath & Co., 56 Fifth street, and look through the stock, and our word for it, a selection will readily be made. There will be found one of the finest and most general assortments of jewelry and rich wares that has ever been opened in this city. It embraces all the latest styles of sets, rings, pins, chains, silver wares, fine cutlery, clocks, watches, studs, music boxes, and hundreds of articles too numerous to mention. The finest jewels, such as diamonds, rubies, garnets, &c., are sold at Eastern importers' prices, as the firm purchased them at the recent great decline in gold. Foreign and American gold and silver watches can here be purchased as cheap as in New York, while the scale of prices throughout is very reasonable and cheap. The music boxes are the finest ever imported, ranging from six dollars up to three hundred and fifty. Dunseath & Co. are are young men eminently worthy of patronage, and, as they warrant every article sold, we can assure our readers that no where else in the city can they buy to better advantage, or depend more upon the representation of the quality of goods made at the time of sale.

A Nice Wife and a Tender Mother.

Mrs. Mary L. Jones, of McClure township, must be a nice woman; at all events she is fully appreciated by her husband and daughter. On Thursday afternoon her husband, Jerome Jones, and her daughter, Sara E. Jones, came before Justice R. H. Kerr, of that township, and each made information against the female head of the family for assault and battery. It was alleged that she has assaulted and abused both the deponents in an outrageous manner. A warrant was issued for the arrest of the devoted wife and mother, and placed in the hands of officer Lutz. That officer discovered the woman at Mrs. Minnis', on Penn street, and undertook to arrest her. She fought long and furiously, and it was only after determined and prolonged attempts that he succeeded in getting her away. She was admitted to bail for a hearing.

Oil Refinery Burned.

At about twelve o'clock on Wednesday night, a still in the oil refinery of A. P. Young, on Saw Mill Run, about a mile south of the Pittsburgh Ferry, exploded with a tremendous report that shook up the entire community thereabouts, rattling the windows and disturbing the slumbers of all the populace. The boiler was thrown through the roof, and carried a distance of about one hundred yards. The burning oil from the exploded still scattered over the premises, and very soon the building and the oil in the tanks were in flames. A desperate effort was required to prevent the total destruction of the works, but eventually a portion of the building, apparatus and oil were saved. The loss will amount to between two thousand and three thousand dollars, with an insurance in Eastern companies of one thousand dollars.

Serious Accident.

Yesterday afternoon a man named Barry McDonald left Temperanceville on the Steubenville Accommodation train, for his home in Chartiers township. He was to have got off the train at Broadhead's station, but passed it unknowingly and did not discover his mistake until he was this side of Bell's station. He then ran out upon the platform, and before he could be prevented, jumped to the ground. He fell with one of his legs under the wheels, and it was almost severed from his body. He was taken up and received such attention was possible. Dr. McCook was sent for and attended him. The unfortunate man is about forty years of age, and has a wife and two children. He is an engineer by profession.

Fire in Birmingham.—At five o'clock yesterday morning, a fire was discovered in a new frame house on Carson street, near the Postoffice, in Birmingham. The house was not entirely finished and was unoccupied, having been plastered only on Thursday. The fire had been kindled evidently by an incendiary, under the stairs, and had got under considerable headway. A messenger came on horse back to the Duquesne Engine house and that engine proceeded immediately to the spot, and with the co-operation of the Lincoln company, succeeded in quenching the flames, before they had done very serious damage. The house belongs to a widow whose name we did not learn.

A Welsh Disturbance in Ireland.—A man named Andrew Bernhardt, an aged German, came before Alderman Morrow, yesterday, and made information charging John Welsh with assault and battery. The two met at Ireland Station, on the Allegheny Valley railroad, and had a little misunderstanding which became serious and resulted in a fight. During the fight Bernhardt got knocked down, kicked and had his eye blackened. A warrant was issued for the arrest of Welsh.

Personal.—M. W. Hanley, Esq., the gentlemanly and accomplished agent of M'lle Ravel, leaves the city to-day for Columbus, Ohio, where the beautiful French artiste has an engagement. We commend Mr. Hanley to the good graces of our brethren of the press in Columbus. They will find him a worthy and clever gentleman.

Slight Fire.—The alarm of fire that sounded from box No. 46, Corner of Walnut and Pike streets, was occasioned by a bed in a house on Mulberry alley, taking fire and burning rapidly. The flames from the bed also did some damage to the house, but the engine extinguished the fire before serious damage resulted.

Horse Knocked Down.—A horse on Penn street, when crossing the track of the Pittsburgh, Fort Wayne & Chicago railroad, was struck and knocked down by the C. & P. passenger train which was backing in. The animal was badly injured and the wagon somewhat broken, but no further damage resulted.

Street Car Collision.—Yesterday afternoon a car on the Birmingham Passenger Railway, in crossing Fourth street, came in contact with an Oakland Passenger car coming rapidly down the grade. The Oakland car was thrown entirely off the track, and the passengers somewhat disturbed.

Singular Affair—Escape of Three Little Girls Abducted from Buffalo.

We recorded, not long since, the return of Dilly Davidson to her parents, in Cincinnati, after having been for a long time kept absent from them, by the people who stole her away from her home. The story was of great interest, from its strange and romantic circumstances. Another story of child abduction has just been told in Allegheny by the little victims of the crime, and this affair is still more strange and romantic than the other. On Thursday afternoon three little girls made their appearance at the Mayor's office, in Allegheny, and begged permission to stay there until they could be sent to their homes in Buffalo. The children gave their names as Katie Hannon, Teresa Maloy, and Mary Ann Lawler, and are aged respectively twelve, eleven and thirteen years. Their appearance was truly wretched, they being scantily clothed in rags and bearing every sign of squalor and hard times generally. They stated that they had just escaped from the custody of a traveling gang of tinkers and peddlers, who have gone into winter quarters in some shanties in Manchester, and that they had all been stolen at different times from their homes in Buffalo by the strolling vagabonds from whom they had fled. They had been several weeks in Manchester, but had been kept under such strict guard that until Thursday they had not had a chance to escape, and then only by taking a desperate chance. The names of the gang so far as the children could recollect, were John Sherlock, Bryan Gorman, James Costello and Costello's wife, besides a number of men and women whose names they either did not know or would not tell.

Mary Ann Lawler, a little Irish girl, stated that about a year ago, Catherine Costello, one of the gang, came to the house of Mrs. Lawler, on Main street, Buffalo, New York, and represented that she resided on Seneca street in that city, and was anxious to employ a little girl of about Mary Ann's age, to do errands and make herself useful. She obtained Mrs. Lawler's consent to take the child on trial, and took her away with her, but instead of taking her to Seneca street, she led her to the depot, and got on the cars with her. They went to Warren, Pennsylvania, where they joined the gang who were encamped there. She remained with them until they removed to Manchester, and accompanied them thither, where she has been ever since, doing with the other girls the drudgery of the gang, and being kept under the strictest watch.

Katie Hannon says she has been away from home two years. Some one of the gang, she does not recollect which came to the house of her parents in Buffalo, and got her away on the same representations as had prevailed in the case of Mary Lawler. She has a father and step-mother living in Buffalo, and her father is a laborer employed about the boats. Katie is an Irish girl.

Theresa Maloy, also Irish, says that her mother was dead before she left home, and that her father is a boat laborer and lives on the corner of Caroline and Fifth streets, Buffalo. She was stolen from home three years ago, and has been with the gang ever since. She remembers to have been in Warren, New Castle, Columbus, Oil City, Harrisburg, Rochester and Manchester. She has been kept constantly under the strictest watch, and it was only on Thursday that she could get away.

Mayor Morrison, after hearing this story, gave them quarters on the premises until he could devise further measures. Yesterday he instituted a thorough investigation of the matter, and ordered the arrest of the leaders of the gang of "tramps" in order that the case might be sifted. We have not yet learned the result of the investigation. The little girls will probably be to-day given into the care of the Guardians of the Poor.

The gang in whose keeping the girls were, are a depraved copy of the old world gypsies. They came to Manchester in wagons, and have established themselves in winter quarters in temporary shanties built by themselves. The men employ themselves, when they can find the time, in mending umbrellas and tinware, and the women peddle lace, which they have probably first stolen. A little stroke of business in the way of arrests, might benefit the gang amazingly.

Actually Selling Off at Cost.

Mr. J. D. Ramaley, numbers 334 and 336 Liberty street, still continues to sell his immense stock of fine clothing and gents' furnishing goods at actual cost. It will be remembered that he is to occupy, so soon as finished, the beautiful new sales-room opposite the Union Depot, and he is anxious that his entire old stock be disposed of even at a great sacrifice. Gents' overcoats, vests, pants, dress suits, collars, shirts, under-clothing, scarfs, neck-ties, hats and caps, all of the latest, best and most fashionable styles, must be sold out, and great bargains are certainly offered in the choicest of goods. The sales will continue but a few weeks longer, and our readers should call immediately to make their purchases. The good will, lease and fixtures of this old and popular store is offered for sale, and a rare chance to go into business in an established house may be secured in the purchase of this lease. Again we enjoin upon our readers to go to Ramaley's, Nos. 334 and 336 Liberty street, opposite Wayne street, for cheap clothing, during the continuance of the great sale.

A Case of Conscience.

We mentioned a day or two ago that the house of Dr. Mahan, of Allegheny, had been entered and robbed of several articles and among the rest a valuable overcoat. On Thursday evening, the thief, overcome with the sanctifying influences of the day, or else convinced that he could not keep the coat with safety, concluded to have it off his mind and hands. During that evening the door bell of the Doctor's home, on Lacock street, was loudly rung and the servant girl going to the door, found no person there, but discovered the stolen coat lying on the doorstep.

The Doctor found additional cause for thanksgiving in the return of the coat, and returns his sincere acknowledgments to the thief. He makes his unknown benefactor perfectly welcome to the sundries that he did *not* return in consideration for what he *did* bring back.

Caned.

The members of the Bar assembled at No. 60 Grant street, and presented our amiable friend, Abdiel McClure, late Recorder of Deeds, &c., with a splendid gold headed cane. The article was a superb one and manufactured expressly for the occasion by Wm. Wilson, of Fourth street. E. C. Taylor, Esq., of McKeesport, made an eloquent and able speech in presenting it, on behalf of the members of the Bar, which was ably and eloquently responded to by Major A. M. Brown, Esq., on behalf of the recipient. N. Nelson, Esq., acted as chairman, and John M. Edmundson as Secretary. After the presentation all parties adjourned to the dining saloon of John Kennedy, on Smithfield street, where a sumptuous table was spread, covered with all kinds of edibles, of which the parties partook heartily, and adjourned *sine die*.

Conjugal Difficulties.

A wife made information, yesterday, before Justice Ammon, of Birmingham, charging her husband and brother-in-law with breaking into her house. John Stewart and his wife Jane have not lived together for a long time, and John is endeavoring to obtain a divorce. On Thursday night, as Jane alleges, John came with his brother David, broke into her house and endeavored to set fire to the building. They failed to accomplish the latter purpose, and yesterday she made information, charging them both with burglary and attempted arson. David was arrested and committed to jail to await trial at court. John is still at large, though a warrant is out for his arrest. The friends of the accused allege that the charge is entirely a piece of spite work on the part of the complainant.

Complicated Threat.

According to the statement of Patrick Duffy, John Blazear has an ingenious faculty for arranging and complicating dire threatenings. Mr. Duffy keeps a livery stable at the corner of Liberty and Canal streets, Allegheny, and Mr. Blazear, having taken umbrage at something in Mr. Duffy's conduct or language, announced his determination to burn the stable of his adversary, send that adversary to the Penitentiary and finally kill him. Appalled at the prospect of so many and so unpleasant attentions, Mr. Duffy made information before Alderman Neillie, of Allegheny, charging the threatener with surety of the peace. The parties appeared for a hearing, but before the hearing was had the suit was withdrawn by Mr. Duffy.

Pocket Book Found.—A pocket book containing $10 in money was picked up yesterday morning on Smithfield street. It may be found at No. 36 on that street.

See advertisement of J. W. Barker & Co's great sale.

Brutal Outrage in East Liberty.

Between ten and eleven o'clock on Tuesday night, the pleasant borough of East Liberty was the scene of one of the boldest and most brutal of the many bold and brutal outrages which are becoming so frequently common now. The following is the version of the matter as we have received it, which, if true, calls for the prompt action of the authorities in arresting the parties: It is alleged that a party of three young ruffians, named respectively Samuel Black, Samuel Stout and Lafayette Johnston, went at the hour mentioned to the dwelling of Mr. Lanan, in the Glue Factory, between East Liberty and Winebiddle's coal pit, they violently assaulted the house, smashed the two windows, and broke open the door. Entering they went to the sleeping room of Mr. and Mrs. Lanan and dragged them forcibly from their bed. They then made a joint and most brutal attack on Mr. Lanan, knocking him down with a chair and beating him until he was so far disabled as to be incapacitated from offering any interference with their foul purposes. They then attacked Anestasia Lanan, the wife, beat her unmercifully about the face and head, tore her night dress almost entirely off her and made a most desperate, but happily unavailing attempt, to violate her person. They gave up the attempt at length and departed, leaving their victims in a most painful condition.

On Wednesday morning Justice Phillips, of East Liberty, took the information from the injured parties. Mr. Lanan preferred a charge of assault and battery with intent to kill against his assailants, and Mrs. Lanan preferred a charge of assault and battery with intent to commit a rape against them. Warrants were issued for the arrest of the ruffians, but so far they have succeeded in escaping apprehension. There is reason to believe that two of them left the place yesterday morning. The third is probably concealed somewhere in the neighborhood.

Mrs. Lanan's injuries are exceedingly severe. Her face is a black mass of bruises and her limbs and body are severely and painfully bruised. She is attended by Dr. Peter Perchment, who pronounces her not by any means out of danger, although she is much better. Her husband's condition is not so bad, although he is badly hurt.

Mr. L. is a day laborer at East Liberty, and his brutal assailants are colliers, who were employed in Winebiddle's coal pit. It seems that the three ruffians conceived a grudge against Mrs. Lanan, several days ago. She had lost some geese, and passing the house where these men boarded, she heard a goose cackle in the house and went in to see whether it might not be her fowl. The three men took umbrage at this, as a reflection on their high standard of honor (!) and their outrage may be in a degree traced to this circumstance. It is sincerely to be hoped that the ruffians may speedily be brought to the completest punishment.

The Union Line Monongahela Packets.

The old and favorably known Union Line have now plying the Monongahela river five powerful side wheel steamers, which goes to show how admirably are the affairs of the company managed, and what a liberal share of public patronage is bestowed upon them by a discriminating public. The boats are all officered by gentlemen with whom it is a pleasure to travel, while freights entrusted to them receives the best and most careful attention and handling. Our friend Mr. William McElroy still occupies the position of general agent, and under his excellent management the present prosperity of the company has attained. We cheerfully commend the Union Line to passengers and shippers, knowing that it is without a rival upon home waters. The trade between Pittsburgh and the upper ports is large and our merchants cannot too highly appreciate the efforts of the Union Line to benefit their interests. The steamer Elisha Bennett, M. A. Cox, Master, John L. Moorehouse, Clerk, is one of the most beautiful and chaste floating palaces ever placed upon the muddy waters of the Monongahela, and by Monday next will be ready for business.

Tenant vs. Landlord.

Mrs. Helen Dalston lives on Green street, Allegheny, and is tenant of Frederick Gossport. Mr. Gossport a few days since put up bills of "To Let" in the windows of the house occupied by Mrs. Dalston, As a consequence, the house became thronged with applicants for the house. Mrs. D's. lease had not expired, and she objected to having so many uninvited visitors intruding upon her premises. Recently, notwithstanding the numerous protestations of his tenant, Mr. Gossport took a fresh batch of applicants to the house. Mrs. Dalston saw them coming, and locked the door. Her landlord broke open the door and entered the house, as the woman alleges, in a towering passion and commenced abusing her with most vigorous and threatening language, and at length so far forgot himself as to lift a chair with the evident intention of striking her. This was too much, and Mrs. Dalston made information before Alderman Morrow, charging her irate landlord with surety of the peace and assault. Mr. Gossport was arrested and held to bail for his appearance at Court.

False Alarm of Fire.

The Fire Alarm Telegraph of this city works admirably, and is vastly superior to the old system of general ringing of bells. There is, however, serious objection to the system so long as thoughtless and unjudicious persons are permitted to carry keys of the boxes. If a chimney takes fire or a spark is seen upon a roof, some excited individual who can get the box open, sounds an alarm, and brings the entire fire department to the spot. This is wrong. No alarm should be given except in cases where there is fire of some little importance, and where the services of the engines proves actually necessary. On Thanksgiving Day, a chimney at box 27 was discovered to be on fire, and some foolish individual gave the alarm, bringing through rain and mud every steamer and hose carriage in the city to the place. The firemen were of course indignant, and they had a good right to be so, as there was not the least cause for giving the alarm. When the system grows older we presume trouble upon this score will be unknown, as now everybody wants to see how the machine works.

A Pride to Pittsburgh.

Elsewhere will be found a very excellent cut of the beautiful mammoth, ironfront building, occupied by the old and favorably known Commercial College, of P. Duff & Son, Fifth street. Few natives or residents of Pittsburgh, for any length of time, need be told of the superior merits of the College, since many of our most prosperous, shrewd and accomplished merchants owe to the sound practical education, received within its walls, much if not all, of their success in active life. The system of education adopted by the talented conductors of Duff's College is just such as every young man in the country should be taught, as it eminently qualifies him for any commercial transactions, and gives him not a theoretical, but a practical knowledge of business life. We cheerfully recommend this college to the patronage of parents having sons or daughters to provide with business educations. A large force of professional gentlemen have charge of the various departments, while the terms for tuition are very liberal.

Shocking Accident.

The Meadville *Republican* of Tuesday says, Miss Mary Morris was seriously injured at Levittsburg on Monday morning by being run over by the mail train on the Atlantic and Great Western Railroad bound east. She endeavored to jump upon the platform of a car while it was in motion, but a carpet-bag which she carried in her hand, caught against the railing and swung her backward so that she fell upon the track. The cars passed over her, cutting off one leg and crushing the other foot. She was taken aboard the train, and carried to Warren, where her injuries received attention. Her recovery is possible, but hardly probable. The brother of the injured lady, Henry Morris, of Meadville, was at the depot to meet her upon her arrival, but instead of seeing her, received the news of the accident which had befallen her.

Mortuary Report.

Dr. Geo. L. McCook, Physician to the Board of Health, reports fourteen deaths as the number for the week ending Nov. 25th. Of the deceased 8 were males and 6 were females. All were white. The fatal diseases were as follows:

Dropsy, 1; consumption, 2; severe burn, 1; accident, 1; apoplexy, 1; compound of fracture 1; pneumonia, 3; whooping cough, 1; still born, 2; marasmus, 1.

Of the above there were: Under 1 year, 4; from 1 to 2, 3; from 20 to 30, 1; from 30 to 40, 1; from 40 to 50, 2; from 50 to 60, 3.

Candies for the Holidays.—With the holidays sweet-meats are inseparably connected, and the manufacturer who makes the best and purest articles should be well patronized. Our friend Mr. George Beaven, 112 Federal street, Allegheny, has long enjoyed an excellent reputation, and his candies are considered the best offered in the market. He knows his business, and uses nothing but the purest syrups and materials for producing his famous sweet-meats. Give him a call and see if we are not correct in our recommendation of the superior qualities of his confectionaries.

Fatal Accident in West Finley.—On Friday, the 16th instant, a youth named Ira Miller, son of John Miller, of West Finley township, met with a fatal accident, while out hunting. He had cut down a tree in order to obtain a squirrel which had gone into a hole in the same, and in falling, the tree broke in the middle, being decayed, and one portion struck him on the head, fracturing the skull in four or five places. His injuries were of so severe a character that he died from their effect on the following Monday. The deceased was aged about sixteen years.

A Little Riot.

At about twelve o'clock on Thursday night, as the crowd was leaving Trimble's Varieties, on Penn street, a party of several white men met a party of negroes on Hand street near Penn, and quite a severe collision ensued. For several minutes a brisk fight raged vigorously, both sides doing and receiving severe execution. Bricks, paving stones and other missiles were thrown with great energy, but, fortunately, not with great precision, so that both parties had the good luck to escape without very serious harm. It would probably be an exaggeration to describe the fight in the nervous language of a Western poet:

"They fit and fit,
And gouged and bit,
And waltered in the mud,
Until the ground,
For miles around,
Was kivered with their blood."

—but their fight was noisy and tolerably long, and nobody interfered. Not a watchman made his appearance, and the fighters finally dispersed of their own accord, and are still enjoying the sweets of liberty.

Pittsburgh Female College.

The fall term of this sterling institution will close on Tuesday evening next. The examinations of the classes, commenced yesterday morning, will be continued Monday and Tuesday. Patrons and friends are cordially invited to attend. The winter term will commence on Thursday next, December 6. It is important to those desiring to enter to make immediate application, as class recitations will commence the first morning.

We are pleased to learn of the constantly increasing patronage of the College, and the encouraging prospects for the next term. In all the essentials of a first-class school the College justly ranks with the first educational institutions in the land.

Struck Silver.—We have already noticed the striking of silver by a Pittsburgh company, who are now operating on Shin's Farm, in Jackson county, West Virginia. We have just received intelligence from a reliable source that at a depth of three hundred and forty-four feet, a nineteen inch strata of the valuable mineral was struck. The specimens have been assayed and yield about 80 per cent. of the pure metal. The excitement in that locality runs very high, as the ground will prove an inexhaustible field of wealth.

The Cost of a Murder Trial.—The actual costs and expenses to the county, arising from the trial of Joseph Shale, of Westmoreland county, for the murder of his father, including the August and November terms amounts to the enormous sum of $1,776 83—to say nothing of the expenses of the court, jurors, &c., necessarily detained at court during the trial.

Criminal Court.—The attentive and efficient Deputy District Attorney Flack, announces that the Criminal Court will open the December term on Monday next. It is a matter of much importance that all persons interested in prosecutions be on hand promptly, as the number of cases is quite large and the time of the Court is very precious.

Chinchilla Cloths.—New stock, cheaper than ever, Gardiner & Schliter, 92 Market street.

Hard Threat.—B. B. Cane, residing on Webster street, made information before Alderman Lynch, yesterday, charging George Butler with surety of the peace. He alleges that Butler threatened to stone the house and family of deponent. A warrant was issued.

Get the Best—hey Always Give Satisfaction.

Every week, Dr. Quincy A. Scott is called upon to insert Artificial Teeth in cases where other dentists *have tried, been paid, and failed*, and in every case *his* work gives entire satisfaction. He is quite an artist in his line of business, and has merely to examine a case know how to articulate the teeth so that they will present a handsome and natural appearance, and will masticate the food thoroughly. *His prices are lower than those of any dentist in the city*, and he will *guarantee* his work to be superior. So it would better for any of our readers who are in want of teeth, to call upon the Dr. in the first place, and thereby save their time and money. We would also *assure* those persons who are suffering with diseased and unsightly teeth that they can have them extracted *without any pain whatever*, by calling upon Dr. Scott. He has extracted for *over ten thousand* persons within the last seven years, and among this large number there is *not one case* in which his process has proved injurious. On the contrary, he can refer to numbers of his patients who claim to have been benefited in renewed health. He extracts numbers daily by the new "Rhigolene or Vapor" process, and gives pure Laughing Gas to those who desire it, without charge. He makes no charge for extracting when artificial teeth are ordered, and gives a full set on Vulcanite, with beautiful gums, for eight dollars. Remember his number, 278 Penn street third door above Hand,

The Pittsburgh Gazette

SATURDAY, DECEMBER 1, 1866.

TO YEARLY ADVERTISERS.

Owing to the large amount of advertising patronage with which we are favored, and for which we are duly thankful, and the increase of our circulation, altogether beyond our present means to supply as promptly as we ought, we find it generally inconvenient, and sometimes quite impossible, to insert changes for yearly advertisers, unless left at our counting-room before seven o'clock in the evening.

BENEVOLENT MOVEMENTS.

Considerable space has been given to the action of the late Catholic Plenary Council, and also to other denominations, and as the month of November is one of great interest in Methodist circles, relative to the annual results of its leading benevolent operations, such as the Missionary, and Church Extention, we present some interesting facts in regard to this body in a condensed form.

The General Missionary Committee of the M. E. Church has just closed its annual sittings, covering a period of five days in New York. This body is composed of the Bishops and a large board of ministers and lay members. From the Treasurer's report the total receipts for the year amount to $702,812 25, being an increase over the preceding year of $66,446 47. After careful consideration the appropriations made for the year now ensuing amount to a million and thirty-one thousand dollars, almost exactly agreeing with the number of Church membership. The appropriation is distributed as follows: Foreign Missions over three hundred thousand dollars; foreign population in this country, nearly sixty five thousand; Indian Missions, four thousand six hundred; Domestic Missions almost four hundred and fifty thousand; building churches in the South seventy thousand seven hundred. The remainder is variously distributed. The foreign missions are to be reinforced. It will be remembered the appropriation of one million of dollars for the Missionary operations of this Church is for the coming year. It is fully expected that the Church willrespond to the call promptly.

The first anniversary of the Church Extension Society of the M. E. Church took place some days since in Philadelphia. General GEARY, Governor elect of our Commonwealth, presided. On taking the chair he made an impromptu address. Though his early religious impressions had been received in connection with the Presbyterian Church, yet he felt himself drawn by some irresistible power toward the Methodist Church. He spoke of the four years disastrous war, and of the sacrifices made by at least one hundred thousand members of the M. E. Church. Brief addresses were made by three of the Bishops and by other distinguished ministers.

Bishop CLARK, who has done valuable service in reorganizing the M. E. Church in Tennessee and other Southern States, made a speech of great power. In the course of his address he spoke of the meeting of the Tennessee Conference at Murfreesboro in the early part of the fall. During its session a group of secessionists were overheard speaking of the Conference. "Those persons are bound to succeed. They talk as though they meant work. And there is that centenary fund!" No wonder as the Conference in Tennessee commenced with 6,000 members and fifty ministers, and in one year it numbered ninety ministers and 18,200 members. The Bishop said they intended to stay in Tennessee, and would not be driven out. Then turning directly to General GEARY, the Bishop said: "I had some fears at one time, I confess, about the result. But those fears have gone. Sir, that magnificent ground swell of political action, which moved through this nation so grandly, and which lifted you, sir, to the prominent position of Governor of the old Keystone State, has changed the whole aspect of affairs. It has carried strength with it to the loyal South. And it has spoken in language which cannot be misunderstood either at the centre or southern rim of the great circle whose circumference encloses all this glorious land of ours!" The audience grew perfectly uproarious at the Bishop's allusion to Governor GEARY, who rose and bowed a double acknowledgment to the people first, and then to the Bishop. He closed by stating that a Southern church had been purchased by the Church Extension Society, located three doors from President JOHNSON'S home. So that when he returns to the starting point he will reach shortly after swinging round the entire circle he will find a Methodist preacher handy to explain to him truly the life of Moses and remind him how Pharoah and his hosts were drowned in the Red Sea.

The fiscal operations of the first year place it at the head of all the Church Extension Societies in the land. Receipts nearly sixty thousand dollars, and disbursements a shade over fifty thousand, in one hundred and ten different localities, extending through West Virginia, East Kentucky, Missouri, Arkansas, Kansas, North Carolina, Tennessee, Michigan, Wisconsin and Illinois.

We note in this connection the fact that at this period of the year, the statistical returns of the M. E. Church for the past year are collected, from which we gather some facts of general interest. Conferences number sixty-four, an increase of four over the previous year. The total ministerial force, travelling and local, is 16,178, being a net increase of 610. The aggregate membership reported is 1,032,184, an increase during the year of 102,925, equal to over eleven per cent. Church edifices and parsonages, valued at $34,014,962. Benevolent collections omitting all receipts from legacies, for the various societies, $926,221 84. Sunday school department as follows: Schools, 14,045; officers and teachers, 162,191; scholars, 980,622, an increase of nearly fifty thousand; volumes in library, 2,644,291. Circulation of *Sunday School Advocate*, three hundred thousand copies.

Comparing the progress of this Church by decades, from 1766 to 1866, the following result is attained: In 1766 there was 24 ministers, and 4,921 members; 1786 ministers 117, members 20,689; 1796, ministers 293, members 56,664; 1806, ministers 452, members 130,570; 1816, ministers 695, members 214,235; 1826, ministers 1,406, members 360,800; 1836, ministers 2,928, members 650,103; 1846, ministers 3,584, members 644,229; 1856, ministers 5,877, members 800,327; 1866, ministers 7,576, members 1,032,184. By the withdrawal of the Southern Conferences in 1844, organizing the M. E. Church, South, the M. E. Church lost 1,345 traveling ministers, and 495,288 members, and yet such was the rapid gains two years afterwards, that it only lacked 5,874 members to make up the number lost.

The societies of the evangelical party of the Protestant Episcopal Church of the United States held their anniversaries recently in New York. The seventh anniversary of the "American Church Missionary Society," developed a steady increase in receipts and interest. During the year just closed thirty-eight missionaries were employed, an increase of twelve. The receipts were $56,412.88. It was resolved with a view to facilitate the education of candidates for the ministry to organize a General Educational Society. JAY COOKE, Esq., the great financier, was elected President.

The nineteenth anniversary of the "Evangelical Knowledge Society," was presided over by Bishop LEE, of Delaware. The annual report set forth that the new works published by the society amounted to 2,417 pages. Receipts for the year, $40,998.32. Bishop M'ILVAINE was elected President for the ensuing year. Bishops JOHNS, of Virginia; EASTBURN, of Massachusetts; LEE, of Delaware; VAIL, of Kansas, and PAYNE, of Africa, participated at these occasions.

"IT IS almost impossible to understand some men, and Mr. Theodore Tilton is one of them. When the Constitutional Amendment was pending, and the contest between the President and Congress over it was fiercest, Mr. Tilton fairly shrieked in favor of standing by Congress. "Stand by Congress," was a cry everywhere, and nobly was it responded to. The Amendment passed, and Mr. Tilton, in his paper, joyously cried out "Laus Dei." The President appealed to the people, and the cry was "stand by the Amendment—sustain Congress." And the people, after a fierce struggle, did stand by the Amendmdnt, and by an overwhelming majority in the popular vote, and by the election of new Congressmen, did sustain Congress. But scarcely had the notes of triumph died away, when Mr. Tilton suddenly perceived that the Amendment was worthy only of denunciation, and that something else should have been adopted by Congress, and he took the trouble to come all the way from New York to the Banner County of the Union to tell us how great a mistake we had committed, with our unequaled majority, in standing by Congress. Surely there are men hard to understand—in fact, it is extremely doubtful whether they understand themselves—and Mr. Tilton is a conspicuous member in their ranks.—*Commercial.*

Well; when the contest was pending our contemporary "fairly shrieked" against the Republican majority in Congress; against prominent members of that majority, as STEVENS, SUMNER, WADE, and WILLIAMS; and against all conditions to be imposed on the revolted States, or disabilities to be laid on the leaders of the rebellion. It magnified President JOHNSON as the sublimation of fidelity and patriotism, and his Policy as affording the true solution for all our national troubles. It zealously undertook the defence of the apostate COWAN; proclaimed that he was not only a gentleman of stainless personal honor, but a statesman of rare capacity and trustworthiness. After awhile it perceived "the notes of triumph" would not be sounded on that side, and it veered square about. It exalted the authority and purity of Congress immeasurably; pitched into the President and his Policy with a roughness and virulence which a decent self-respect restrained us from emulating; and vituperated COWAN worse than it previously did STEVENS. With what self-importance the *Commercial* talks about "our unequalled majority, in standing by Congress!" Does it suspect the people are fools, or have lost their memories? Everybody knows that if the *Commercial* could have had its way there would have been no majority here for Congress, but a round one for the President. Even if Mr. TILTON was as inconsistent as is alleged, he ought to be exempted from assault or even taunt from that quarter. But he exhibited no such inconsistency as is charged upon him. He asserted the exclusive authority of Congress in the premises, endorsed each particular section of the Constitutional Amendment as good, but insisted that Congress, enlightened and strengthened by the elections, ought to go farther, and deal out equal and exact justice to the blacks. Mr. TILTON may be "hard to understand," but the *Commercial* is not. Its tergiversations have disgusted and repelled every thoughtful and upright man among its readers.

AT THE RECENT ELECTIONS the people of the loyal States re-affirmed the exclusive authority of Congress as the law-making power of the government, and signally rebuked the President for his contumacious interference with the legitimate functions of the two Houses. This was the primary matter decided by the ballot-boxes. Beyond this it may be reasonably asserted that the people decided in favor of the Constitutional Amendment, and particularly of the section disqualifying the rebel leaders from holding office. This was clearly a rejection of the proposition for Universal Amnesty, whether as a measure standing by itself, or associated with Impartial Suffrage or what not. But, it does not follow that Congress was instructed by the elections to insist on no other terms than those embodied in the Constitutional Amendment, or was admonished to take no measures looking to the elevation of the black population. The sentiment of the loyal people manifestly is that the Republic shall be protected against its enemies, and all loyalists delivered from the domination of all rebels.

THE FRESH insurrectionary movements in Ireland have aroused the indignation of the British public to white heat. The leaders of opinion, instead of enjoining on their government the moderation and amenity they urged our government to exhibit in its treatment of the Southern rebels, breathe threatenings and slaughter The strongest measures of repression have been adopted, and will be vigorously pursued. The condemned Fenians in Canada will experience the full rigor of the new bitterness. This is the last exemplification of how much easier it is to preach than to practice.

IN view of the rejection of the Constitutional Amendment by the seceding States, the New York *Herald* accepts the radical doctrine that three-fourths of all the loyal States are sufficient to a valid ratification of it. We believe that position to be sound; but, will the Supreme Court so hold? An Amendment ratified by less than three quarters of all the States would doubtless be contested, and a majority of the Judges might take the other view of the case. Whatever shall be done, had best be done so as to defy all contingencies of this sort.

THE Norfolk *Old Dominion* has given the northern democracy its blessing, in this fashion:

> "We tell our people that our friends at the North are nothing more nor less than a big political humbug. Their trade has been that of falsehood, miserable pretenses, a sophistry based upon selfish purposes, destitute of every principle of honor, truth, or justice. Why trust them longer?
>
> "The democracy of the North, (our very ideal friends) and deceit, political treachery, falsehood, with all its weakness, are synonyms."

GOV. GEARY will be inaugurated on the 15th of January next. On the same day a United States Senator will be chosen to succeed Cowan.

ANTHRACITE COAL in New York, last November, sold for $10.75 per full ton. This November it sells for $5.

LAST WEEK there were seventy-four deaths in St. Louis.

The Kittanning *Free Press*, of the 29th ult., says:

> "If it should be determined by the Republican majority in the Legislature to elect a Senator from Eastern Pennsylvania the prevailing sentiment, in this county, is, so far as we are advised, in favor, of Gov. Curtin. If, however, the claims of Western Pennsylvania should predominate, we think that a large majority of the loyal people of this county would prefer the election of Hon. Thomas Williams to that of any other man. He is one of the ablest and most sagacious statesmen in the country; he has proved to be a faithful Representative of the District; on all the great questions, which the loyal people of our own State and other States desire to be rightly and safely adjusted, he is reliable; the people know and can trust him; his increased majority at the last election indicates his increasing popularity; his extensive and varied knowledge of our national affairs, his unfaltering devotion to the Right, his masterly powers in debate, and his clear, strong, grasping intellect and sterling integrity would be highly beneficial to, and would not fail to shed luster upon, our State."

DR. CHAUSSIER'S EMPRESS LA COMPOSITION IMPERATRICE POUR LES CHEVEUX.—It has long been known that the Hair, by mental exertion, by excitement, disease and imperfect circulation, loses its vitality, turns gray and falls off. That eminent French Chemist, DR. CHAUSSIER, has provided a complete antidote, and at the same time a beautiful dressing for the hair, durable and finely perfumed. Remember this is the finest article for the toilet which has ever been presented to the public. IT IS NOT A DYE. It will not soil the finest linen. It will not gum the hair. It is free from the disagreeable smell of sulphur. It relieves the scalp of dandruff and unpleasant irritation. Prevents the hair from falling off, even after fevers. Causes the new hair to grow. It will restore gray hair to its natural color, or the money will be refunded in every instance. As this preparation is comparatively new in this country, the proprietors present the testimonials of well-known persons as to its excellence. Directions in French and English.

THE SEASON OF STORMS.—The blasts of autumn and the chill storms of early winter are apt to make sad inroads upon the constitutions of the feeble. In old times at the commencement of every season it was the fashion to take a strong cathartic as a safeguard against a change of temperature. It was a worse then senseless practice. The people of our day understand the matter better. Instead of depleting the system they reinforce it. In the method they adopt they exhibit a wise discrimination. Instead of resorting to the vitiated stimulants of commerce, or any of the compounds derived from them, they put their faith in the only absolutely pure invigorant procurable in the market—HOSTETTER'S STOMACH BITTERS. Their faith is well founded. Never has any tonic medicine been prepared with such scrupulous precision and conscientious care. It is a vegetable compound of which every ingredient is sound, wholesome and MEDICINAL in the true sense of the word. Now we have three prominent national complaints. One-half of the adult population of the United States suffer more or less, either from diseases of the stomach, derangements of the liver, or affections of the kidneys. In no other land under Heaven are these maladies so general as in this country, and HOSTETTER'S BITTERS is a specific for them all unless organic in their origin, and, therefore, beyond cure. And let those who are fortunate enough to be exempt from them at present understand one great fact, viz: That an occasional use of this vitalizing tonic will as certainly prevent them as the sun will prevent the earth from freezing where its genial beams descend.—*Communicated.*

MRS. M. G. BROWN'S
METAPHYSICAL DISCOVERY,
Price, $4,00.
Offices--410 Arch St., Philadelphia,
51 Bond Street, New York.

No boring with instruments.
No blowing in the ears.
No snuffing up the nostrils or introducing wires.
No pouring medicines down the throat.

The METAPHYSICAL DISCOVERY will reach every spot that drugs and instruments will reach, and thousands of places besides.

Truth is mighty and must prevail; error is pregnated with death—consequently must sooner or later sink into oblivion.

ARE YOU PREJUDICED!

In consequence of the prejudice existing against patent medicines, it is my earnest desire that my Metaphysical Discovery should not be received or classed with patent medicines of the age. You ask me why? I answer, because it is a *scientific specialty*, differing in application, tendencies and results, from all other remedies and preparations which have ever gone before it. And further, because the Metaphysical Discovery is the result of inherited power to trace effects to thier first cause; therefore let it be understood that the Metaphysical Discovery is not only the result of inherited power, but also the result of a life of rare philosophic research, and that too, in an unbeaten track.

Eyes, and They See Not.

Awake, ye slumbering world and behold yourselves and your children in the prison house of disease, from the cradle to the grave, betake yourselves to thought—think and live. The world writhes in pain and passes into untimely graves. Mark, learn, that your friends die through experimenting on. Every effect driven is a death blow to the physical system. I have never met an individual who was treated for anything but effect. There are many agonizing hearts, sorrowful homes and grassy graves through the use of instruments which torture, and medicines which destroy the system.

The Discovery consists of three distinct preparations, which pass into the system by absorption through the Eyes, Ears and Scalp.

It is packed in a neat wooden case, and will be sent to any address in the world, on receipt of the above price,

CERTIFICATES OF CURES.

I, S. C. Chase, of Cambridgeport, Mass., do certify that I have been troubled with a bad catarrh for upwards of thirty years. I obtained Mrs. M. G. Brown's Metaphysical Discovery, and in ten minutes after using it found relief. I have used the medicine faithfully, and believe it went to the root of my disease. I feel as if catarrh was eradicated from my system, the foul effects of the sad disease having ceased. My wife also has been suffering from a complication of diseases. On using the Discovery, clotted blood and matter rushed from her head, and she found immediate relief, and has been gaining health ever since. We heartily recommend the Metaphysical Discovery to all who suffer.

CURE OF CATARRH, ASTHMA, &c.

Mrs. Cheever, residing at No. 6 Allen street, Boston, Mass., says: "I have been troubled for years with asthma, catarrh, and sore throat. I suffered from continual pain and dizziness in my head, cold feet, &c.; for eight years could not attend to my household duties, and had despaired of ever being cured. Providentially learning of Mrs. M. G. Brown's Metaphysical Discovery, I obtained it. The result is, I am entirely cured, and determined to keep a box of it always in my house."

MRS. GEORGE VAUGHN'S CERTIFICATE, OF MALDEN MASS.

This is to certify that I have suffered for ten years from dyspepsia, catarrh, and a complication of diseases. For the past year I have been restless, and could not sleep at night. So exhausted had I become, that I was unable to do my household duties. I became so cold that it seemed impossible to keep warm. For sometime my eyes were very much diseased, and my hearing dull. Myself and friends considered me in Consumption. In this state I went to Mrs. M. G. Brown and obtained the Metaphysical Discovery. I have used one box faithfully, and no language can tell the benefit received from it. My eyes have become clear and strong. My dyspepsia is entirely gone. I can now do my own work, and feel altogether a new being. My friends say I am gaining flesh. I know [illegible] was I could not have lived. I feel grateful to God for the benefit I have received. I recommend Mrs. M. G. Brown and her mode of treatment to all who suffer as I have done.

CATARRH CURED.—MR. JEROME A. O'CONNOR, OF OLD CAMBRIDGE MASS.

This is to certify that I have been troubled with a bad catarrh for the last five years. This winter it became unusually troublesome. I was obliged to rise at night, owing to the mucus, which would have suffocated me. I obtained Mrs. M. G. Brown's Metaphysical Discovery some weeks back, used it faithfully, and my catarrh began to give way at once. I now consider myself a cured young man, being entirely delivered from the terrible disease of catarrh. My sister has also been diseased in her head and eyes from childhood, so much so that the family thought she could not live. In the use of the Discovery she has received equal benefit with myself. We cordially recommend the Metaphysical Discovery.

MISS E. LOGAN'S CERTIFICATE.

I, Emma Logan, do hereby testify that I have had a severe cough for six years; would cough and raise for three hours at a time; often I could not lie down at night; going up stairs, any work would exhaust me. I have been taking medicine and doctoring all the time, but was still getting worse. Providentially a friend procured Mrs. M. G. Brown's Metaphysical Discovery. I have used it one week, and my cough is nearly gone. I have got rid of the tightness in my throat. I can now take a long breath, which I could not do before. I can go up and down stairs without feeling any fatigue. I feel disease is fast leaving my system. No. 374 Hanover street, Boston, Mass.

A REMARKABLE CURE.

A case of the worst type of Chronic Sore Eyes of Twenty-five years standing cured by my Metaphysical Discovery.

I, Eliza B. Jeffries, do certify that I have been suffering for twenty-five years with diseased eyes, taken from measles when a child. I cannot describe the nature of all my sufferings, but will state that my eyes ran corruption and water all the time. My cheeks also broke out down to my chin, and the matter from both eyes and face kept constantly dropping on my dress. All the doctors I applied to failed to render me relief, and I despaired of finding it until learning of the wonderful cures made by Mrs. M. G. Brown, when hope entered my breast. I went to see her, and brought home with me the Metaphysical Discovery. I used it according to directions, and now most solemnly and thankfully declare, that through the blessing of God and the use of Mrs. M. G. Brown's medicines I am a cured woman.

ELIZA B. JEFFRIES.

FIVE NEW CASES OF DEAFNESS IN AND AROUND PHILADELPHIA.

Noises in the Head, Running of the Ears, Stiff Neck and Sore Throat cured by Mrs. M. G. Brown, 410 Arch street, Metaphysical Physician, Professor on the Eye, Ear, Throat and Scalp.

The following persons have been cured of the above diseases, through the use of my Metaphysical Discovery:

Miss Rebecca Watson, St. Paul street, Frankford, cured of deafness and noises in the head can now hear the children called by their names in the next house.

William Elnwechler, 1349 North Front street, a lad of about 15 years, was very deaf; can now hear the notes distinctly on the piano. Could not hear a sound before. His whole system is benefitted, as he was an invalid.

Peter Kelly, 1627 South Second street, was quite deaf in one ear, and partially so in the other, has regained the hearing of both well.

Daniel Humphreys, of Darby township, had a swelled and stiff neck for eight years, could not turn his head without turning round his whole body; had also a large lump, size of a ball, and hard, under his chin, for one year. Both have disappeared through the use of my Metaphysical Discovery.

A son of Captain David Ware, in Wilmington, Delaware, has been cured of deafness and running of the ears, of 15 years standing. Spent large sums of money on different remedies; could find no benefit; procured my Metaphysical Discovery, which immediately cured him.

CERTIFICATE FROM THE REV. P. S. HENSON, PASTOR OF THE BROAD STREET BAPTIST CHURCH, PHILADELPHIA.

From injuries received in my right eye when a boy, a chronic inflammation has been produced, in consequence of which I suffered martyrdom. Every moment of my waking life was embittered, and I was frequently unable to sleep at night. A variety of remedies has been resorted to without success, and I entertained the purpose, as a last resort, of having the ball taken out of the socket, in the hope of thus finding relief. In the meantime, most providentially, I noticed one day in a shop window a bottle of POOR RICHARD'S EYE WATER. I had never heard of it before, and I determined to try it, and did, with the most delightful results. In a few days the painful irritation was removed. I could bear the strongest light, and went forth as it were to the enjoyment of a new life. I now keep a bottle of it always in the house, and if my eye seems at all disposed to annoy me, I give it a dose, and there is an end to it. I would not be without it for any amount of money. I have occasion to say further, that my wife used to suffer severely at times from protracted pain in and over her eyes, and she has found Poor Richard's Eye Water a sovereign specific in her case, giving her almost instant relief.

Grateful to God for the benefit I have personally received, I cannot but commend the preparation most cordially to those who have suffered like myself.

Pastor of the Broad St. Baptist Church.

Charged With Perjury.

D. J. Link, of Duquesne borough, was brought before United States Commissioner Sproull, on Thursday, on a charge of perjury, preferred against him by District Attorney Carnahan, in accordance with instructions from Washington City. The information was made in August last, but the whereabouts of Link, who is now a resident of Duquesne borough, was not ascertained until yesterday. It appears from the information that Absalom Link, a son of the accused, was a member of Captain Thompson's Battery C, organized in this city, and that at the battle of Gettysburg he was wounded, from the effects of which he died. After his death his father made application for the money coming to deceased from the Government, and made an affidavit to the effect that the deceased, at the time of his death, was unmarried, and without children. This affidavit was sworn and subscribed before W. A. Herron, Esq., clerk of the Orphans' Court, and on it the claim was allowed, and the accused received from the government $157 63. Some time after this claim had been paid a claim was filed by the widow of the deceased, which was the first intimation that the Government had of his marriage. An investigation was then made which fully established the marriage of the deceased, and it was also ascertained, as alleged, that the father was fully cognizant of the fact at the time he made the affidavit referred to. At the hearing Thursday Link stated that he knew his son was married, but that he had merely sworn and subscribed to the affidavit which had been previously prepared. He further expressed a willingness to pay back the money, if the suit could be withdrawn. In default of $3,000 bail the accused was committed to jail for a further hearing in December.

Another Thief.

Another thief has been discovered, but not yet arrested, in the city. On Wednesday afternoon a well dressed and respectable looking woman stepped into Borland's shoe store on Market street, and requested to be shown some ladies' boots. After examining a number of different styles she purchased a pair, and after paying for them turned to go out. As she was leaving the counter the salesman observed her taking another pair of shoes, and endeavoring to conceal them in a basket which she carried on her arm. He immediately started in pursuit of the woman, when she dropped her basket on the sidewalk and made good her escape. Her basket was found to contain, besides the shoes, packages purchased from Messrs. Horne & Co., Messrs. Macrum & Glyde, and other merchants, and also a number of articles which had evidently been purloined. Some of the goods were identified by the parties named, as having been stolen from them, among which were stockings, trimmings, gloves, underclothing, etc. It will be well for all to keep a look out for this sharp female, as she will undoubtedly begin operating again in a day or two.

Dedication.

This afternoon at 4:35 an excursion will leave this city to be present at the dedication of the chapel erected in the "Academy of Visitation," on Mount de Chantee, two miles east of Wheeling, West Virginia, on which occasion Most Rev. Archbishop Spalding, of Baltimore, will preach. The dedication will take place on Sunday, and during the day visitors will be shown through the spacious building for the last time. One of the principal features of the day will be the performance of "Hayden's Third Grand Mass," under the lead of the unrivaled vocalist, Sister Agnes (Ewbald,) Musical Director of the Academy, assisted by five of the young lady students, Miss Sadie M'Graw, of Allegheny City, being among the number, as well as the entire musical talent of the Institution. As this will be the last time Sister Agnes, the Queen of Song, will sing in public, those who have the good fortune to hear her, will long remember the rich melody. The excursionists will return to the city early on Monday morning.

Iron for Pittsburgh.

The *Mining and Manufacturing Journal* says there are eight distinct iron producing regions to which the manufacturers of Pittsburgh have access in supplying their ores, and the ores of each are distinctive in their character. They are as follows:

1st. The Allegheny river region.
2d. The anthracite region of Central Pennsylvania.
3d. The celebrated Juniata region of Pennsylvania.
4th. The Big Beaver basin, including the continuous counties of Eastern Ohio.
5th. The fine ores of Missouri and Lake Superior. Smelted in furnaces erected in Pittsburgh.
6th. The Hanging Rock region of Ohio.
7th. The Kentucky and Tennessee region.
8th. The Youghiogheny river region of Pennsylvania.

Infanticide Trial.

In the Westmoreland county court, the trial of Susan Hughes, indicted for infanticide, was taken up on Tuesday last. The indictment against the defendant contained two counts—the first charging her with killing her child, and the second with having concealed the death of her bastard child. On Wednesday morning the Commonwealth abandoned the first count upon the counsel for the defence agreeing that the jury should find a verdict of guilty on the second. This was done, and on Saturday the court sentenced her to the Penitentiary for the period of one year and ten months. We understand there will be an application to the Governor for a pardon.

The Supply of Oil.

The Titusville *Herald* believes that the pumping wells on Church Run, one and two miles northeast of that city, are fed from an immense subterranean reservoir of oil, a few miles further up. Some practical men have been and are now testing the very location of the supposed parent stream, and hope, in a few months, to strike flowing wells. If they do, why then, as the *Herald* says: "Again would Titusville see the flush times of the Noble and Coquette wells, again would its streets be crowded with Eastern capitalists, and trade once more would revive with all the vigor of the good old times."

A Local Notice.—The Erie *Gazette* has the following among its "locals:" "We notice that another batch of wonderful medicine men have arrived in Erie for the purpose of killing fools. This party is from Paris, and may be found at Brown's Hotel. We have only one item of advice for their patients: Pay your money, but don't take their medicine. Some people can afford the first, but none can stand the latter." Probably said doctors do not advertise in the *Gazette*. At all events they did not pay twenty cents a line for the above "notice."

Coal Mine Accident.—On Monday, 26th inst., a Mrs. Fitzpatrick, wife of a coal miner in the employ of Thomas Moore, of Sewickley township, Westmoreland county, went into the mines to procure a bucket of coal. Whilst gathering the coal, a large bulk of slate fell upon her, breaking both her legs. A son of her's, who was with her at the time, had a leg disjointed. Dr. James Penny reduced the fractures. The patients are doing as well as can be expected.

United States Steamer Michigan.—We learn from the Erie *Dispatch* that the steamer Michigan has been ordered to winter quarters in the Erie Harbor. An effort was made to lay her up in Buffalo Creek, but it has not succeeded. A large number of the crew have families in Erie city, and in the spring that harbor opens some two weeks earlier than at Buffalo—two very good reasons for the steamer being wintered there.

Interesting to Star Gazers.—If our readers have any faith left in Astronomy after the late meteoric fizzle, let them make a note of the fact that an interesting astronomical event will occur on the 6th of December, 1866, viz: The Sun, Mercury, Venus and Earth will be in conjunction, a fact that will not occur again in several centuries. People who want to see it will please sit up.

The Pittsburgh and Thorn's Run Oil Company, operating near Parker's Landing, Armstrong county, Pa., struck oil a few days ago, at a depth of 823 feet. The yield at first was fifty barrels per day, but has been steadily increasing, and now gives every promise of a successful two hundred barrel well. The oil is of excellent quality.—*Kittanning Free Press.*

Dr. Plummer, formerly of Richmond, and late of Pittsburgh, has been chosen by the Presbyterian General Assembly, sitting at Memphis, to be Professor of Didactic and Polemic Theology and Sacred Rhetoric. He is the author of a recent commentary on the Psalms.

EARLY TELEGRAMS.

FROM CANADA.

The Trial of Fenians—Consul General Monck to be Recalled, &c.

NEW YORK, November 30.—It is believed in Montreal that the British Government has refused to pay the Alabama claim, and that Canada would have to look out for trouble with the United States. It is further believed that France had expressed a willingness to act in the defense of the Canadian Provinces, provided the British navy would co-operate with her in the Gulf of Mexico.

Major General Hasted is expected to relieve Major General Lindsay, in command of the military force in Canada.

The decision regarding the application for new trials in the cases of the condemned Fenians has not yet been delivered, it being intimated that the Judges disagree on the subject.

Consul General Monck is to be recalled immediately for complicity in objecting to the trial of the defaulting banker, Lamarande.

The Montreal *Telegraph* of the 29th says: The Canadian Government is willing to discharge the Fenian prisoners confined there, if the United States Government will guarantee that Roberts shall not attempt to make another raid on the Provinces.

The Fenian prisoners are to be removed on Sunday morning under strong guard up to Sweetsburg. It is impossible to secure lodgings, and the hotels are crowded with strangers from the United States, who have come to witness the trials. The sixty witnesses for the crown arrived to-day, and were ordered to Sweetsburg. Hon. A. Devlin, Queen's counsel, intends to make an application on the opening of the Court to have the prisoners discharged, on the grounds of informality in the indictments.

About forty-five stand of rifles, similar to those captured at Fort Erie from O'Neil, last June, have been brought into this city by a person who states that he purchased them in New York, and brought them here as a commercial speculation; they have been offered for sale, but at such a high figure that it is rumored the Government intends to inquire into the matter.

There are large numbers of the regulars now stationed in the Province whose terms of service expire during the coming month. The Government have ordered that the men be detained until the country is in a more settled condition. Sixteen pieces of artillery and a large quantity of ammunition have been forwarded to St Catharines.

The members of the Canadian Cabinet in England, to arrange the details of confederation, don't agree, and it is likely they will return without accomplishing their mission.

Highly Important Dispatch from the French Minister of State—The French Troops in Mexico—When They will be Withdrawn—General Sherman's Mission to Mexico.

NEW YORK, November 30.—A Cable dispatch from the Minister of State, Mousterie, to Count Mohtholm, stated that fourteen vessels would sail immediately from Brest to Vera Cruz, where French troops in Mexico were required to rendezvous for embarkation to France. Ten additional vessels will leave by the middle of December. By the fifteenth of January, Mexico will be clear of all the French troops.

The French Minister communicated this dispatch to President Johnson and Secretary Seward last evening. From one who has read it, I learn that the principal reason given by Napoleon for delay in withdrawing the French troops is that the latter is being hard pressed by Mexican forces, and thought it dangerous to attempt an evacuation until the military situation becomes easier, and also learned from the most authoritative source that General Sherman's mission to Mexico is wholly in character as advisory agent to Minister Campbell.

Regarding military status of affairs, the withdrawal of French forces is regarded as almost wholly superseding Gen. Sherman's mission.

The Mass Welcome Postponed.

WASHINGTON, D. C., Nov. 30.—The mass welcome to the Republican members of Congress is postponed until Monday, in consequence of many members who will not reach here until Sunday or Monday morning. The procession and banquet will not take place until Monday.

The *Tribune* says: The general talk of Radical Congressmen is that a reasonable period will be given to the Southern States to adopt the Constitutional Amendment, when if they fail to do so they will be legislated for as Territories.

The same paper states that General Grant endorses the Constitutional Amendment as the best terms the South can expect. Also that Congress will, at an early day, appoint a joint committee to investigate the New Orleans riots.

Thanksgiving in New York.

NEW YORK, Nov. 30.—Thanksgiving Day was generally observed. Among the sermons delivered was one by Rev. Lyman Abbott, in the New England Church, on Reconstruction. He said there was no reason for bribing the Southern aristocracy to allow impartial suffrage. Dr. Cheever preached upon the Constitutional Amendment. Rev. Henry Ward Beecher discoursed on the South and its Future.

No Canadian Annexation Meeting.

BUFFALO, Nov. 30.—Advices from Montreal say there is not the slightest probability of any annexation meeting taking place as reported. The New York *Herald's* recent special about an annexation meeting at Kingston is all bosh.

From Havana.

NEW YORK, Nov. 30.—At a review in Havana, on the 21st inst., at which Gen. Sherman was present, a young man was arrested for shouting "Viva La Republic," &c., and is being tried for treason. Several arrests have been made of suspected Republicans.

Fire in Philadelphia.

PHILADELPHIA, Nov. 29.—A fire occurred this morning in the Chestnut Street Theatre, caused by an explosion of gas. Damage by fire and water over $1,000.

Sloop Run Down—All on Board Drowned.

NEW YORK, Nov. 30.—A small sloop yacht was run down in the Bay last night by the steamer Wm. Cook, and all on board, number unknown, were drowned.

Rumored Sailing of Fenian Privateers.

NEW YORK, Nov. 30.—The *Daily News* has a rumor that several Fenian privateers left an eastern port to prey on English commerce.

Stock and Real Estate Broker.

FOR SALE—400 Acres of Coal Land, lying immediately upon the Ohio River, 20 miles below Gallipolis, and 185 miles above Cincinnati. On which the above tract is a four foot vein of Coal, which, for general purposes, is not surpassed. It is entirely different from the Southern Ohio Coal; contains but little sulphur, forges and cokes well, and for making steam cannot be excelled. The location being about midway from Pomeroy and Hanging Rock, must make it valuable for coaling boats. There is a water front of ¾ of a mile, with a good landing at all stages of the river. An entrance has been run in the hill about 300 feet, track finished to river, together with the necessary fixtures for mining and delivering coal afloat. On said tract is first-class double Portable Circular Saw Mill together with a Portable Grist Mill, all in good running order, and plenty of the very best oak, ash and poplar timber. Would sell one-half interest if desired, to a party with experience and capital for working same.

[BY THE CABLE]

LONDON, Nov. 29.—It is said more troops are to leave for Ireland, including a battalion of the Guards.

MADRID, Nov. 29.—The Queen of Spain intends to make a visit to Lisbon on the first of December.

BERLIN, Nov. 29.—Ministers from the former kingdom of Hanover are generally withdrawing from European Courts.

LONDON, Nov. 29—*Evening.*—Occasional arrests of Fenians continue to be made by the Government authorities in Ireland.

VIENNA, November 29.—A morning journal positively denies that there is any truth in the rumor that the Austrian Government is concentrating troops in the province of Gallici.

LONDON, November 29.—*Evening.*—Provisions dull and inactive, and quotations unchanged.

DRESDEN, November 29.—The Saxon Chambers have unanimously approved the conditions of peace.

LONDON, November 29.—The London *Times* says that war will soon be declared between Spain, Chili and Peru.

LONDON, November 29.—*Evening.*—Consols closed at 89¾. United States Five-Twenties, 70; Illinois Central, 78½; Erie, 46.

CANADA MATTERS.

Another Raid Anticipated—Departure of Lord Monck for England.

TORONTO, C. W., November 29.—No decision has been given as to whether new trials in the Fenian cases would be granted.

The first consignment of Snyder rifles was received here to-day and served out to the Seventeenth Regiment.

QUEBEC, C. E., November 30.—It is anticipated that the raid from Vermont will be attempted when the Fenian prisoners are brought to trial in the district of Bedford. The marauders are said to be assembling at Highgate and Staibous, and their object is declared to be the release of the prisoners.

It is understood that Lord Monck intends leaving Quebec on Thursday next, for Montreal, where a meeting of the Cabinet will be held on Friday, at which time General Michael will be sworn in to act as administrator during the absence of the Governor in Europe. His Excellency will take passage by the next Cunard steamer, and will likely be absent some four or five months. His presence in England, while the subject of confederation is being considered by the Imperial Government will, it is thought, be of advantage to the province.

FINANCE AND TRADE.

FRIDAY, November 30, 1866.

The New York stock quotations to-day, as reported by Robinson, McClean & Co., were as follows: Gold, 140¼; 1881's, 112⅝; 5-20's old, 108¾; do '65, 107; 5-20s, new 108; 7-30s, first series, 105½; second series, 105. Michigan Southern R. R., 87½; Cleveland & Pittsburgh, 83½; Pittsburgh, Fort Wayne & Chicago, 105½; Chicago & Rock Island, 103¾; Reading 111½.

—At New York money is offered on call more freely by city lenders, and there are considerable sums from the interior at 6@7 per cent. The recent break down in the price of pork and stocks, the downward tendency in breadstuffs, and the general paralysis stealing over all departments of trade, unite to produce an easy money market on call, and a hard market for commercial bills. Upon cheaper money on call there will be shown a more active stock market, and possibly higher prices but they cannot be sustained long, unless Congress commits the folly of enlarging the National Bank circulation, and also takes from Mr. McCulloch his present power of funding and paying the short currency debt.

—The action of the Secretary of the Treasury in suddenly calling upon the National Banks of New York for $13,000,000 last week continues to be the theme of conversation in financial circles. In some quarters it is severely criticised, and there are not a few who say the Secretary was induced to do so by a clique of operators known in New York as the "Treasury Ring," for the express purpose of producing a contraction that could have no other result than to break down the stock market, in order to enable the "ring" to cover their "shorts" at a big profit. Whether this be so or not, we have no means of knowing. The National Banks are beginning to find out that "Uncle Sam" is too big a depositor for them to carry, and the sooner they refuse to act as Government Depositories the better for themselves and the people. We observe that one of the Baltimore National Banks has voluntarily given up the Government business and asked for the surrender of its bonds, hypothecated for the security of Government deposits. We would advise all National Banks to go and do likewise.—*Chicago Tribune.*

—Messrs. Satterwaite's circular of November 17th says: "We have to note increased activity in the London market for American securities during the past week. The recent importation of United States 5-20s appear to have been well taken on both home and continental demand, and the closing price for the next settlement, 70 to 70⅛, shows an advance of nearly 2 per cent on the week. The 1865 issue of these bonds has recently been introduced on this market. They are identical with the 1862 issue, excepting that they have three more years to run. The first quotations gave a profit of 2 per cent, by exchanging the earlier for the more recent dates, so that many holders for permanent investment made the exchange. The stock imported, however, having been absorbed, quotations have more nearly approximated, and now not more than 1½ per cent difference exists."

New York Financial Matters.

NEW YORK, November 30.—Money is rather easier, at 5@6 on call loans, chiefly the latter rate. Sterling is quiet and firm, at 109¾@109⅞. Gold is without decided change, opening at 140¾, declining to 140¼, and closing at 141⅛. Government stocks steady. Freights to Liverpool quiet but very firm. Stocks irregular at the two o'clock board: Fort Wayne, 105¼; Rock Island, 104¼; N. W. preferred, 71¾; C. & T., 113¾; C. & P., 85; M. S., 81¾; M. C., 112¼; Erie, 71¾; N. Y. C., 113; 5-20's coupons '64, 106¾; 5-20's coupons '65, 107¼; 5-20's coupons '95, new series, 108¾; Pacific mail, 17.

LATEST.

Money market closed up easy at 4@5 per cent. for call loans; prime paper more current at 6½@7 per cent. The supply of currency is increasing, and the demand for money quite moderate. Gold market firm to the close and kept off at 141⅛. The rise in exchange so nearly to the shipping point tends to strengthen the market. The Foreign exchange market is quiet and firm. London bankers bills 60 days, 109¾@109⅞; do. 30 days. 110⅜@110⅝. Government securities dull and steady; the following were the closing prices: Registered 112⅝@112¾; Coupons '61, 112⅝@123; 5-20s, registered '62, 106¾@105; 5-20 Coupons '62, 108¾@108⅞; 5-20 Coupons '64, 106⅜@106⅝; 5-20 Coupons '65, 107⅛@107¼; 5-20 do. '67 107¼; 10-40s registered, 99⅝; 10-40 Coupons, 99⅝@1,00; August do. 115; do. '55, 111½.

Miscellaneous Shares firmer, and there was an advance on Western Union, Mariposa preferred and Wilkesbarre coal. The following were the closing prices: Ohio certificates, 29½@29¾; Canton, 44@48; Cumberland, 69⅛@70¼; Quicksilver, 45@45½; Mariposa, 12½@13; do preferred, 27⅞@28; Western Union, 47¾@47⅞; New York Central, 113⅛@113¼; Erie, 71⅞@71¾; Hudson, 120@121; Reading, 112@112⅛; Michigan Southern, 81⅝@81¾; Illinois Central, 118⅝@119¼; Pittsburgh, 85¼@85⅜; Toledo, 113⅛@113¼.

The stock market, at the last open board, was a little lower on North West shares, but the balance of the railway list was firm, and up to the highest point of the day. The advance of the afternoon has been equal to 1½ per cent. on North West, and ¼@1-8 per cent. on other railway shares. There was a rather more moderate disposition to purchase than for some days, and the North West movement has undoubtedly strengthened the whole market. Fort Wayne was strong to the close, and all stock offering at the quotations were quietly picked up. The annual report of Secretary McCulloch is not likely to contain anything that will disturb the market, and better prices are looked for in the immediate future. There is considerable borrowing demand for stocks, and a large short interest remains uncovered in leading stocks.

CENTRAL LIVE-STOCK MARKET.

OFFICE OF THE PITTSBURGH GAZETTE, THURSDAY, November 30, 1866. }

CATTLE.

The receipts of cattle were comparatively light this week, though the supply was fully up to the demand, and notwithstanding there was a slight improvement in New York, prices are no better than last week; indeed, if there was any difference, the rates ruled lower. The recurrence of the national thanksgiving day, was the cause of the falling off in the receipts, many drovers staying at home to spend the day with their families, and the same remarks will apply to eastern shippers, though some of these were here and bought what they wanted in the early part of the week. As will be seen by reference to the sales, good fat cattle sold at from 6 to 6¼ gross—one small drove of extra bringing 7 cts—while medium grades may be quoted at 5 to 5½. Common cattle sold at 4 to 4½, and inferior from 4 down to almost nothing.

SWINE.

There was a much stronger feeling in the Hog market during the early part of the week and an advance of from ½ to ¾ of a cent per pound was established; but since then, owing to less favorable reports from New York, the advance was lost. On Monday, Tuesday and Wednesday, good to prime heavy averages sold at from 7 up to 7¼, while to-day the same grades cannot be quoted above 6½ to 6¾—a picked lot might bring 7.

SHEEP.

The receipts of sheep were somewhat larger than last week, and with only a moderate demand, the market ruled pretty hard, though prices have undergone but little change—ranging from 3 to 5 cts, gross—one drove only bringing 5½.

PITTSBURGH MARKETS.

OFFICE OF THE PITTSBURGH GAZETTE, FRIDAY, Nov. 30, 1866. }

The produce markets continue dull and unsettled, with but slight indications at present of any immediate improvement. For most of the leading articles, the demand is very much restricted, buyers holding off in anticipation of a lower scale of prices, and consequently, we have but few round lot operations to record.

GRAIN—Wheat is very dull, and prices are entirely nominal. Oats in good supply and very dull; may be quoted at 48 to 50, on track. New Corn is selling at 55 to 60; sale of 1 car old (in ears) at 90. Barley is unsettled, with sales of Spring reported all the way from $1 to $1,15. Sale of two lots of Rye 60 and 30 bgs each, both at $1,28.

FLOUR—Is dull but not quotably lower. Small sales at $12 to $12½ for prime to choice brands of Spring Wheat; $13 to $13½ for Winter Wheat, and $14 to $17 for Fancy Brands. Rye Flour is still quoted at $8½, and Buckwheat at $4½ to $4½.

EGGS—Firm and in light supply; fresh packed sell readily on arrival at 28 to 30.

APPLES—In good supply and dull but unchanged; sales reported at $2 to $2½ for common; $2½ to $3 for fair to good, and $3½ for choice.

PITTSBURGH IRON AND BLOOM MARKET—WEEKLY REVIEW.

OFFICE OF THE PITTSBURGH GAZETTE, FRIDAY, Nov. 30, 1866. }

The operations in metal have again been on a moderate scale this week, the transactions in the aggregate being comparatively light, though the market is firm and stocks are very much reduced. As compared with last week prices have undergone but little change, though desirable eastern brands would doubtless command a slight advance. Blooms quiet and unchanged. We quote the following sales.

PITTSBURGH PETROLEUM MARKET.

OFFICE OF THE PITTSBURGH GAZETTE, FRIDAY, November 30, 1866. }

CRUDE—There were no new features in the crude market to-day worthy of special notice. The market continues rather dull and weak with a disposition manifested on the part of holders to realize. And, if anything, prices are a shade lower. Sales of six thousand and two hundred barrels; to arrive, in lots, all at 9¼; 400, on the spot, at 9¾; and 200 (good gravity) at 10. Quotations may be given at 9½ to 10, in bulk, and barrels returned; and 14½@15, bbls included—the outside figure only for desirable gravities. One dealer informed us that he was offered during the day at least 15,000 barrels at 9¼, and it is said that one of our refiners has had ten thousand barrels delivered at his works within the past few days for which he pays *fourteen cents*—having contracted for it some time ago.

REFINED—There was little or no demand for bonded oil to-day, and while the market is quiet and dull, prices have undergone no perceptible change. We have but one sale to record—one thousand barrels to be delivered in Philadelphia during the first half of January, buyer's option, at 34. The same figure is offered for December, and, probably, 34½ might be obtained, but we have no sales except the one above noted. Free oil is dull, with the exception of filling small orders for the local trade, there appears to be no demand whatever.

ARRIVALS—The following arrivals were reported to-day:

Gallagher & Son...	450	Jas. Wilkins....	600
Barbour & Co.....	110	E. J. Roberts....	60

RIVER NEWS.

The river rose rapidly at this point during Thursday night and yesterday, and was still swelling steadily last evening with nearly twelve feet in the channel by the Monongahela marks, and thirteen feet by the Allegheny marks. The telegraph reported ten feet in the Allegheny at Oil City yesterday, and as the recent rains appear to have been general, there will doubtless be a swell in the Monongahela also. The weather yesterday was cold and blustery, with an occasional spitting of snow.

The arrivals since our last report include the Quickstep and Silver Lake, from Cincinnati, Belleveron, from St. Louis, and the Robt. Moore, from Portsmouth. The Quickstep had an excellent trip, as had also the Silver Lake, including some two hundred tons of metal.

The Camelia cleared for Nashville on Thursday, with a fair trip, and the Robt. Moore left for Portsmouth last evening.

The Quickstep, Capt. John Shouse, with Mr. G. W. Floyd, in the office, is the regular packet for Cincinnati to-day, leaving promptly at noon, and passengers and shippers should bear this fact in mind.

The Wauanita, Capt. Thos. Shuman, is now in turn for St. Louis, and will at once commence loading for that point.

The R. C. Gray and Lake Erie No. 2 passed over the falls at Louisville on Tuesday. Capt. Dryden telegraphs the Cincinnati *Commercial* that the canal is clear of coal boats after having passed through 1,500,000 bushels of coal. The Messenger arrived at Cincinnati on Tuesday from New Orleans.

The Kate Putnam left St. Louis for Pittsburgh on Monday, and the Ezra Porter was expected to arrive there on Monday night.

The Maggie Hays left Cincinnati for Pittsburgh on Wednesday; the Spray was advertised to follow on Thursday, the Argosy on Friday, and the Leonidas on Saturday.

Captain W. B. Donaldson, and C. A. Dravo left Cincinnati for Pittsburgh on Tuesday, by rail. Capt. Dravo has not yet decided, we believe, what trade he will enter with his new boat, though the Cincinnati *Commercial* intimates that he is thinking of giving the Higginsport trade a trial.

The Memphis *Avalanche* has the following:

"Mr. F. A. G. Gearing called on us yesterday and satisfied us that the letter we published on Thursday week last was a forgery. Some incarnate fiend or low-bred scoundrel, who has a heart as black as that ebony hole, Pittsburgh, sent us the letter for publication; and the same was gotten up to injure Mr. Gearing. Mr. Gearing is on the track of the scoundrel, and we earnestly hope he will soon be able to ferret him out and give him the punishment he so deservedly merits."

"Captain Hazlet, of the steamer Rubicon, has been released at Little Rock. He passed through the city yesterday en route for Saint Louis. He says he will know how to act in the future with cotton agents, more especially those of the small fry persuasion—the one who had him arrested initiated him. The password is—revenue is correct, but greenbacks are better. As the commissions are small, they levy on the planters for extra change. We hope the department will have an eye on these little fellows."

MEDICAL.
GREENBACKS
ARE GOOD.
BUT
ROBACK'S BITTERS
ARE BETTER,
Roback's Stomach Bitters,
After years of experience and trial, have proven to be the best remedy extant for all complaints where a tonic and stimulant are required. They never fail to strengthen the weak, impart vigor to the strong, and in all respects restore shattered and broken down constitutions. No remedy has been received with as much favor as ROBACK'S STOMACH BITTERS.

GREENBACKS
ARE GOOD,
BUT
It is admitted by our most learned physicians that DR. ROBACK'S BITTERS combine the properties of a gentle laxative, an efficient anti-bilious agent and the best stomachic known to the world.
ROBACK'S
BITTERS should be used by convalescents to strengthen the prostration which always follows acute disease.
In the bilious districts of the West and South, there has for a long time, been much needed, an article of Stomach Bitters, which, if taken in proper quantities and at the proper time, are a sure preventative of
Bilious Fever, Fever and Ague, Liver Complaint, Dyspepsia, Indigestion, Jaundice, Kidney Complaints, and all Diseases of a similar nature, and
Are Better
As a preventive for bilious derangement, regulating the system and giving tone to the digestive organs, than any other known remedy.
Now that the war is over, there will be thousands seeking homes in the South. No person who values his life should go there without having constantly on hand the BITTERS, as a safeguard against epidemics and maladies engendered by miasma and malaria.
Traders on and all residents of the rank river bottoms of the west and south, and the line of the Mississippi and its tributaries, should provide themselves with the
BITTERS.
